WILSON WILL COME TO COAST

Senate Sidetracks Treaty For Panama Talk—Mexico Getting Alarmed, Fearing Trouble With U. S.—Mooney Matter Before Congress—English Coal Strike Ends—Telegrams.

Immense preparations are being made on this coast to welcome the great Pacific fleet, with President Wilson, Secretary Daniels and other dignitaries, August 7. San Diego, Los Angeles and San Francisco will have celebrations as great and on as large a scale as was ever before attempted.

WASHINGTON, July 25.—Elaborate preparations for the reception and entertainment of the officers and men of the Pacific fleet are being made all along the west coast, according to messages to the Navy Department. Representative William Kettner will assist the mayor, civic organizations and a citizens' committee at San Diego in welcoming the fleet there about August 7.

U. S. DEMANDS ARE STIRRING CARRANZA

WASHINGTON, July 25.—Acting under special instructions from President Carranza, the Mexican military authorities at Tampico are making unusual efforts to capture the bandits who, July 6, held up a boat from the U. S. S. Cheyenne in the Tamesi River and robbed the crew. This information was contained in a radio message to the Navy Department today from Commander E. P. Finney, senior American naval officer at Tampico. The message said the Mexican authorities had adopted a very conciliatory attitude and that General Gonzales, the military commander in the Tampico district, had been instructed by President Carranza to increase the safe-guards and guarantees afforded American lives and property.

CONGRESS TAKES UP DENSMORE REPORT

Congress yesterday asked for and has been given a copy of the McCarthy grand jury report on the J. B. Densmore expose of the Mooney case in which District Attorney Charles M. Fickert was whitewashed and the members of the grand jury, named in Densmore's report, were cleared of any connection with the Fickert frame-up cases.

The request for this grand jury report came directly from the Congressional Committee on Labor, which is probing the investigation

SOCIAL SERVICE MEET SHOWS CONDITION GOOD

A meeting was held in the Pilow building last night of the local Social Service Bureau trustees and a general survey of past and present conditions was made. Vice-president John Gerlach presided and Mrs. Gerlach and a number of other social service workers were present.

This organization is one of the best in Richmond, or in Contra Costa county. In fact it is a county organization. It has been of great benefit to the poor and needy here and all over the county for many years and never a case of distress escapes its notice. Rev. Calfee is also an active member and always looking after some unfortunate.

The report last night showed, however, that conditions here and over the county are much better at present than they ever have been before, with comparatively little poverty or destitution.

If there is any one organization more glad over the coming of prohibition than the W. C. T. U., it is this Social Service Bureau, for a very large percentage of the poverty and destitution it has been called upon to alleviate in the past has been caused by liquor.

PRICE OF LIVING NOT GOING DOWN

PHILADELPHIA, July 25.—The cost of living is likely to stay high for a long time to come in the opinion of the Philadelphia Board of Trade. This view is a result of a compilation of statistics from many lines of trade and industry.

According to these figures the advance in prices in this country since 1914 has been about 107 per cent. In Canada 115 per cent; Great Britain, 133 per cent and France 235 per cent. It is pointed out that, in spite of material reductions in the price of material reductions in the price of steel, the advance in other commodities since the armistice has been so great that the average price schedules have been reduced by 5.7 per cent below prices prevailing October 1, 1918.

IMMIGRATION OF JAPS IS SERIOUS

Senator Phelan Writes About It and Suggests Petitioning Governor For Remedial Legislation at Special Session—Local Government Should Also Petition.

Senator James D. Phelan, now in Washington, has sent the following letter to Mr. Van Bernard, president of the Fourteen Counties Association, Butte City, California, and sends the News a copy of it. The Senator urges that every effort be made to have the Governor include the subject of alien land legislation in his call for a special session of the Legislature, and it would be a good plan for our city government to petition the Governor, also. The Senator says:

"I have just read in a San Francisco paper of the purposes and activities of the Fourteen Counties Association in connection with the saving of the land of California for the white race. The danger is so pressing that no time can be lost to secure remedial legislation, and I trust that your association will see fit to have the Governor include the subject of alien land legislation in a call for a special session of the Legislature. The sooner this is done the better it will be for the State and indeed for the peace of the world. Japan cannot object when she denies land to foreigners and bars immigration of other Orientals to her shore.

"If there is anything I can do to aid your Association be good enough to let me know. I am sending you a copy of Montville Flowers' book, 'The Japanese Conquest of American Opinion,' which I am told is now out of print and that even the plates have been destroyed under pressure from quarters from which you will easily imagine."

Other California cities are petitioning the Governor to this effect and Richmond should not be behind in anything so vital to the interest of the whole State.

Albert Wunderlich Is Called Hence

Albert Arthur Wunderlich died after a lingering illness at the home of his parents, Mr. and Mrs. Charles Wunderlich, 24 Washington avenue, Point Richmond.

He was 23 years old, a native of Fresno, and for seventeen years a resident of Richmond. Stanley Wunderlich, a brother, Mrs. R. E. Willis, a sister, and his parents survive him.

The remains are at the Curry undertaking parlors. No date has as yet been set for the funeral.

Funeral Services For Mrs. Boorman

The remains of Mrs. Anne Boorman, the beloved Pullman pioneer, were laid to rest in Sunset View cemetery yesterday. Services were held at the Baptist church on the west side, with Rev. D. W. Calfee officiating.

Hundreds of her friends were present and many floral offerings testified to their affection for the deceased.

The arrangements were in charge of the Wilson undertaking parlor.

Take in the athletic carnival this evening and see something lively, and at the same time help out a most worthy cause.

MICKIE SAYS

THE MAN WHO DOESN'T BELIEVE IN ADVERTISING, GENERALLY FALLS FOR AN AD ON THE ELEPHANT WHEN A CIRCUS COMES TOWN

IN THEN HE'S DISAPPOINTED BECAUSE BUSINESS DON'T PICK UP!

CIRCULATION OF THE LOCAL DAILES

As this question is continually coming up among local and other merchants and business men generally, and as some press representatives lie like pirates about it, the News deems it expedient and proper to make a statement.

The independent carries a statement that its circulation is three times as great as any other daily paper in Richmond. This is so ridiculous that it would be a joke if some were not foolish enough to take it seriously. Anybody in Richmond who does not know better than that certainly is densely ignorant on the subject. We consider such stuff as that not only a falsehood but entirely unfair, unbusiness-like and downright foolish.

We have every reason to believe that we know approximately the real circulation of every paper in Richmond, and to the best of our knowledge and belief it is as follows:

Independent, 2500 copies
News, 2300 copies
Record-Herald, 600 copies

We venture the assertion without fear of successful contradiction that the above is within 50 copies of being absolutely correct.

MISS LOETA BENNET WEDS JOHN THOMPSON

John Lorimer Thompson and Loeta Ursul Bennett were married last evening at the residence of Rev. D. W. Calfee, who performed the ceremony. The groom, who has just been released from the military service, is a Standard Oil employee. The bride formerly resided in Chico. After the honeymoon in the southern part of the State the young couple will return to Richmond to reside. The News joins their many friends in wishing them all the joys of wedded life.

BIG SCHOOL MEETING

About 50 school trustees from the various sections of the county gathered at Martinez yesterday to attend the conference which had been called by Superintendent of Schools Wm. H. Hanlon. The meeting convened in the courtroom of Department No. 1 at 10 o'clock in the morning and the session was given over to addresses by several prominent educators of the State and the discussion of matters of importance to the schools of the county.

At noon the meeting adjourned to the Oehm hotel where a luncheon was served following which the afternoon meeting was held there. Richmond was ably represented by School Trustee J. O. Ford.

RICHMOND TO WELCOME FLEET

All Civic Bodies Will Name Committees To Arrange For Immense Delegation From Richmond To S. F. To Welcome President and Great Pacific Fleet—Martinez Has Special Train.

Richmond is not going to be behind hand in having a monster delegation at the big welcoming carnival at San Francisco on Aug. 7, to do honor to the President of the United States, Secretary of the Navy Daniels, the new Admiral of the Pacific fleet and the fleet itself.

San Francisco is throwing itself wide open upon that occasion and invites the world to come and take part, and as far as this section of California is concerned the invitation will be accepted.

Martinez has chartered a special train for the occasion and will be there with banners flying, and Richmond must get up something nice and get recognition as being on the map.

At the meeting of the City Council Monday night Mayor Loeg will appoint a committee to attend to details; the combined Chamber of Commerce and Merchants' Association will do the same in a few days and all other civic bodies and most lodges will do likewise. There will not be much Richmond at home that day, so we all better get ready and make it unanimous. What other sections are doing may be judged by the following:

Mayor Davie, Joseph E. Caine, managing director of the Oakland Chamber of Commerce, and C. E. Hewes, city manager of Alameda, are in conference today with Admiral J. L. Jayne in San Francisco concerning details of Secretary of the Navy Daniels' visit to the east side of San Francisco Bay and his inspection of the Alameda naval base.

At Los Angeles, Mayor Snyder has named a citizens' committee of thirty members to co-operate with civic and state organizations in formulating plans for the entertainment of thousands of bluejackets who will visit the city. Arrangements already have been made for members of the mayor's welcoming committee to meet the fleet at San Diego and make the trip to San Pedro, the port of Los Angeles, aboard the New Mexico, Admiral Rodman's flagship.

The Chamber of Commerce of Santa Barbara has notified Secretary Daniels that an elaborate fête will be held to welcome the fleet there. Mr. Daniels has been invited to make an address on that occasion.

At San Francisco an effort will be made to eclipse the reception tendered Robley D. Evans' globe-circling fleet of 1907-1908. President Wilson is expected to review the fleet and a triumphal entry of Admiral Rodman's forces into the roadstead through the Golden Gate is planned. In addition to the festivities for the crews of the warships invitations have been extended to Secretary Daniels, his official party and officers of the fleet to attend dinners and receptions at the Chamber of Commerce, the Commercial University and other clubs. It is probable that Mr. Daniels, while in San Francisco, will go to Oakland to inspect the emergency fleet corporation shipyard there, where three concrete vessels are being constructed, and also visit Richmond to inspect the government work on the municipal harbor.

If Joseph Lamb will call on W. W. Bell, 1805 Nevin avenue, he will be given some information about his wife that absconded.

LOCAL DAILY LAFF

"Eh-yah! I'm the owner of the Grand Op'ry House," said Henry Curry at Martinez, in reply to the inquiry of the advance agent of the Uncle Tom's Cabin Company; "but I d'know as I want to let you have it for your show. You see, the movies have so reduced the op'ry business that I don't s'pose my part of the proceeds of the entertainment would pay me for the trouble of getting the hay out and putting it back in again. Baled hay has sorter superseded the drama in my op'ry house. It ain't as picturesque, prob'ly, but the way times is now it's considerable more profitable."

A BIG ATHLETIC CARNIVAL TONIGHT

The big benefit athletic carnival to be held tonight will eclipse anything ever staged in this county. The committee of arrangements, composed of members of local unions, have seen to it that nothing has been left undone towards making this the "show of shows."

Telegrams have been received from Frank Schuler, the well-known San Francisco sporting promoter, and Chris Landos, top-notch of Greek wrestlers, that they will positively be here. Oakland has arranged to send her best talent in the boxing and wrestling game.

Accommodations have been arranged that will permit the driving of automobiles inside the grounds, that the occupants may retain their seats in the machines and view the exhibitions. The ring has been built at the home plate and all are assured of viewpoints of vantage.

Additional wrestling and Jiu Jitsu features have been arranged and the Richmond Band will be present to furnish appropriate music.

A big sale of tickets is reported and deputations from Martinez, Bay Point and other points will be on hand to view the carnival. The games will start at 6:30, the main events to be staged at 8 o'clock.

The entire county is interested in this benefit for the sick-benefit fund of the Richmond telephone girls, and a rousing good time is assured all who attend. Escorted ladies will be permitted to enter the gates without charge.

Little Boy Hurt By Automobile

While playing on the street in front of his father's store at 210 Macdonald avenue, Thursday evening, little Martin Lewis, Jr., 6-year-old son of Martin J. Lewis, manager of the Farmer's Free Market, sustained injuries on his head and slight injuries to his face when he was struck by an automobile.

One Cattle Thief Arrested and Officers On Trail of Accomplices—Little Boy Burned To Mass of Raw Flesh by Oil Stove But Will Survive—Other Live County News.

In the arrest of Sam Epstein of San Francisco, there has come to light an alleged plot to steal several head of valuable cattle from Joe Reis, a dairyman of the Brentwood section. The arrest was made by Undersheriff William Veale and San Francisco police yesterday. Epstein gave bail and was released.

It is alleged that the cattle were purchased from Reis and a check given to him. When he presented the check, which was drawn for \$149, it was found to be in reality a draft on Reis himself, for the amount of the sale.

Reis swore to a complaint and charged grand larceny. It is understood that the cattle were found by the officers in the possession of Epstein.

Foresters Initiated Last Evening

A class initiation was held by the Independent Order of Foresters at the Pythian Castle last night. High officers were present to put on the work. They were: Supreme Vice-President Frank E. Hand of Los Angeles; High Chief Ranger J. P. Murphy and High Secretary E. N. Cameron.

A banquet was served.

Local Rebekahs Visit Antioch

Officers from the Zephyr Lodge of Rebekahs journeyed to Antioch and installed the Rebekah officers at that place in the joint installation held with the Odd Fellows at that place. Those in the party were Mrs. Mary Moyle, district deputy president; Mrs. Elsie Matson, deputy grand marshal; Mrs. L. Ripley and Miss Lucy Kellam.

OAKLAND WOMAN DIES IN LAKE MERRITT

OAKLAND, July 25.—Ten minutes after Moses Farrow, 83 years old, 546 Eighteenth street, walked into police headquarters early this afternoon to report that his daughter, Miss Nellie Farrow, 56 years old, 588 Nineteenth street, was missing, the body was found floating in Lake Merritt. Farrow is a wealthy, retired farmer.

THE GLORIOUS GOLDEN WEST!

Most of us have been poor, one time or another, out here in the boundless West, and been up against all kinds of rocky roads and hard propositions. We have not always had pie for dinner, porterhouse steak for supper, or spike-tailed coats and decollete gowns for evening receptions, where the floral decorations cost a fortune. We have pioneered and blazed the trails over deserts and across mountains, fighting our way against heavy odds to wrest this great western empire from the wild and odoriferous redskin, the yelping coyote and the Government, and in turning it into a land of plenty, where milk and honey sprout spontaneous from the fertile valleys and gold and silver rolls gleaming down the mountain sides, where fruit and flowers vie in almost tropical luxuriance, where the climate will grow positively anything—whiskers on the statute of Liberty Enlightening the World, if she would but hike toward the setting sun—where the placid Pacific cools the heated brows of great cities and growing hamlets, we have bumped up against vicissitudes that would have daunted hearts less strong and minds that were weak.

More often in the days that are past have we ridden bronchos than automobiles, and it is little we know about the ethics of the New York four hundred, and still less about the rottenness and immorality of Newport's high society, but we have learned things from Nature and from Nature's God of far more value to the human race and to the upbuilding of a nation so great that the pulse of the world throbs and is regulated by it.

The West is the home of brave men and true women. Our shirt bosoms may not shine with rare diamonds, but beneath them beat hearts of gold. We of the West have been thrown in constant contact with Nature and with God's own handiwork of ocean, mountain and plain, and the vastness and sublimity of it all have become a part of ourselves.

CONTINUAL ROUND OF PLEASURE

We all have to take just about so many hard bumps in this world and those who imagine a newspaper man is immune has another guess coming. One politician comes around and assures us that it is our duty to help save the country by giving the other politician a—, and then some, and so we give it to him and shove him in it, and the next day the other side shows up with a robust club and a withdrawal of all their patronage. One erstwhile respectable citizen gets soused and his neighbor comes and fills our ample ear full of the scandal and suggests a roasting. We roast him, and the next day the neighbor gets soused himself. When a deacon shines up to too many of the dear sisters the wicked population come around and insist that we print it in letters two feet high and use red ink in copious doses. We print it, and pretty soon 'teen church members stop their subscriptions without paying up arrearsages. Everybody says 'Sic 'em, Tiger' to the editor: 'Wow! Take a leg off!' and when we sic 'em and look around for the backing of the sicker he is fast disappearing around the nearest corner.

"The Sheperd Of The Hills"

Harold Bell Wright's novel has made a great photoplay. To all lovers of the book this is not surprising. The story is filled with dramatic situations and scenes of the magnitude of God's own handwork is ever put before us. The woods and the hills always appeal to a real man or woman and in this play the really great things of life have brought to our understanding. It is the visualization of the story of the Ozark mountains and their humble dwellers. The story of the man who took the trail that leads to the lower ground and the woman who found her way to the sunlit plains. A story of rough times before the coming of the railroads; the period of "husking bees" and "house raisin". Rough and ready settlement of disputes with the fist. It is a virile play and yet one that carries with it a deep message. It is full of wholesome philosophy and has many unique characters. Will be shown next Monday, Tuesday and Wednesday at the Richmond.

Richmond Capital Building At Martinez

The Contra Costa Home Building Company, of which B. Shapiro, operator of the bay cities is the head and in which a number of local business men are interested is planning to start work on the construction of a number of homes on their 400 acre tract adjoining this city on the Pacheco road. It is the plan of the concern, which is capitalized for about \$100,000 to sell the homes on a small payment plan. The big tract near here is to be subdivided according to the demand and the property will be sold off in sizes varying from a city block to acreage. Already a number of pieces have been sold and it is expected that the building plan will relieve the housing situation here.—Martinez Gazette.

WASHINGTON, July 25.—Democratic members of the House investigating committee planned today to ask reopening of the inquiry into the surplus food stock held by the War Department.

"Leave It To Susan" At The Richmond

Photoplays are not accidental in any department of their production. Nowadays everything from the writing of the story to the point when it is projected on the screen demands the attention of experts and entails much effort. Kennedy's "Leave It To Susan," her new Goldwyn Picture which comes the Richmond Theatre today is a case in point.

"Leave It To Susan" is founded on fact. The delightful comedy, replete with laugh-provoking incidents, really happened. Or rather enough of it occurred for the author to use it as the basis for the play which was written expressly for Madge Kennedy.
